REVOLUTIONARY SPIRIT APPEARS RAMPANT IN CENTRAL EMPIRES

DEMONSTRATIONS SPREAD TO SWEDEN

A pall of silence has fallen over the Central empires, serving to accentuate the reports of grave internal troubles despite the assurances of the Berlin press that the strikes, which involved at least 300,000 laborers has ended.

There is evidence that the agitation in the German empire is continuing. The Austro-Hungarian situation is even greater obscured. Since the persistent reports that Premier Tisza, the foremost exponent in the Dual monarchy of the German idea, had resigned, all information of conditions has ceased. One thing appearing certain is that the Socialists and Radicals are drawn closer together.

Inflammatory language is being used with impunity which was inconceivable during the early days of the war.

In the meantime the revolutionary spirit rampant throughout Europe is giving sensational demonstrations in Sweden. The food situation is ostensibly the cause for the gathering of a multitude of workers in Stockholm. The fact that they are unrebuked and shout for a republic and the use of the word "revolution" so freely used, gives a serious aspect to the situation. More serious outbreaks are expected May 1.

A.O. HOLROYD FUNERAL SERVICES HELD SUNDAY

Funeral services were held at the Prince George hotel at 10:00 o'clock Sunday morning over the remains of A. O. Holroyd, one of the proprietors of the hotel who died late Friday afternoon.

The funeral services were in charge of Daytona Lodge No. 111; B. P. O. Elks, of which the deceased was a member, and was largely attended by members of that order; members of the Daytona Hotel Men's association and numbers of other friends made by Mr. Holroyd during the ten years in which he had been engaged in the hotel business here in association with W. W. Hilyard.

Preceding the impressive Elks' service an eloquent prayer was made by Rev. Wm. J. Drew, minister of the Congregational church, and the services were concluded at the grave in Pinewood cemetery, Daytona Beach. There were very beautiful floral tributes in token of the esteem in which the deceased was held by his friends and brothers in the Order of Elks.

HAS MADE ARRANGEMENTS TO BE HERE NEXT WINTER
Mr. and Mrs. H. K. Brainard and daughter, Miss Bessie Brainard, who have been spending the winters here for several years and were again this season located in Miss Jolley's cottage, 12 South Palmetto avenue, departed Saturday afternoon on the return to their home in Thompsonville, Conn., stopping over for the week-end in St. Augustine. These pleasant people have made many friends who greatly enjoy their winter visits here as they do themselves. Mr. Brainard is a great Daytona "booster" and it was through his praise of the place that John H. Ashley and Albert Stedger visited the city this season and became winter residents. Mr. Brainard has already engaged Miss Jolley's cottage for next winter, with the privilege also of having it for the succeeding season.

MUCH ENTHUSIASM OVER ORGANIZATION OF LOCAL BOY SCOUTS

Both school boys and their parents are displaying much enthusiasm over the contemplated organizations of a Daytona troop of the Boy Scouts of America, and indications are that the meeting to be held at the Palmetto club house tonight at 7:30 to take the first definite steps in the work of organization will have a record breaking attendance.

Rolland E. Stevens and S. E. Bulard, two of the members of the committee who are promoting the movement, have arranged with Lester A. Hall, scout master of the Daytona and Seabreeze troop, to be present tonight and to make a talk on the activities of the organization and to explain boy scout work in full.

The men who have been foremost in starting the movement are: Col. C. M. Bingham, Rolland E. Stevens, S. E. Bulard, Prof. H. Clay Marks, and Dr. F. J. Walker.

N. Y. CENTRAL OFFICIAL HERE WITH FAMILY IN PRIVATE CAR

Prof. J. L. Wright, of Bedford, Ohio, principal for a number of years of the Dayton public schools and now a guest at the Magnolia hotel, enjoyed a brief visit Saturday with friends of many years' standing in the persons of Mr. and Mrs. C. E. Terry, of Cleveland, Ohio, who had been visiting points on the Florida west coast and also on the east coast in company with their son, W. A. Terry and his wife and daughter. W. A. Terry is assistant freight traffic manager of the New York Central railroad, with headquarters in Chicago, and the party was traveling in a private car which was on one of the side tracks south of the passenger depot while the party was here, being picked up by the local train, No. 39, northbound in the afternoon.

Joe Osborne, who went up to Tallahassee last week, will probably remain in the capital until the latter part of this week.

BRITISH ENVOYS PAY CALL ON PRESIDENT

WASHINGTON, April 23.—British Foreign Minister Balfour and the other commissioners paid calls on United States officials today. Minister Balfour and President Wilson conferred for more than an hour.

War times are said to bring an increase of duties to the poor old stork and this appears to be borne out by the number of visits he has in view this summer in Daytona. Two of these visits were made by the big bird Saturday night to residents of Rowader place and although that avenue is neither very long or very thickly populated it is hinted that the stork has not completed his favors in that section.

Save On a System!

If, when building a house, you here and there omit a foundation stone, then the finished structure becomes unstable and weak, because lack of system means loss of strength. If you weaken in your efforts to save a definite fixed sum each week, then the purpose of accumulating loses its power.

stated that the bank will either be reorganized or its assets and liabilities will be turned over to the Daytona Bank and Trust company, now forming. Any action that may be decided upon by the former directors must be submitted to Comptroller of Currency John Skelton Williams for his approval.

MORE THAN 2,000 NATIVE GERMANS IN STATE OF FLORIDA

TALLAHASSEE, April 23.—Interest has been aroused in this country, since it is taking part in the European war as to the number of foreign born people living here. The census of 1910 shows 13,515,886, Germany leading with 2,501,618 and 1,278,667 of them voting age. German militarism of the Hindenburg line north of the Scarpe by taking the town of Gavrelle, after advancing a mile. South of the Scarpe the British captured the village of Guemappe and 2,000 prisoners.

Florida's share in the grand total was 40,633 and 2,440 of them are from Germany. From the current report of Commissioner of Agriculture McRae, "Part I—Agriculture" we find that 28 foreign countries are represented in this state as follows:

BRITISH AND FRENCH CONTINUE TO GAIN

Ushered in by prolonged artillery bombardments, renewed attacks against the German lines were begun at dawn today by the British on both sides of the River Scarpe. The extent of the attack is not clearly developed but it is officially announced that it opened on a wide front and that satisfactory progress is reported. Early details show that the British shattered the last remaining defenses of the Hindenburg line north of the Scarpe by taking the town of Gavrelle, after advancing a mile. South of the Scarpe the British captured the village of Guemappe and 2,000 prisoners.

The German announcement said the British entered the German trenches northwest of Lens last night but were repulsed by counter attacks. The infantry was fighting on a wide range this morning.

In the meantime the French are consolidating last week's gains. Artillery however, is still busy. The breaking up of two German attacks last night is announced.

What may be a new German move of vital importance is announced in a Petrograd dispatch saying that German transports have departed from Libau on the Baltic for an unknown destination. This may mean a land and sea attack on Petrograd.

The Turks are still retreating up the Tigris before the British.

SOUTH RESPONDING TO FOOD APPEAL

WASHINGTON, April 23.—Carl Vrooman, assistant Secretary of Agriculture, fresh from a tour of the South in the interest of agricultural preparedness, today issued a statement declaring that all classes are patriotically responding to the government's appeal for more food crops. In his statement he said he wished the country to know of the splendid spirit of the South as he saw it.

DAYTONA BRANCH OF R. C. ASKED TO PROVIDE COMFORT KITS

The North Florida chapter of the American Red Cross has sent an appeal to the Daytona branch to aid in the work of supplying comfort kits for the National guard and naval militia.

The plans of the chapter are to provide all members of the guard and militia within its jurisdiction with the comfort kits, which are filled at the cost of about \$1.10 each. Each branch is asked to agree to provide a certain number of kits, the number to be supplied being left to the discretion of the branches.

The size of the little kits is out of proportion to the inestimable comfort they bring to the soldiers. Packaged within a small space are many articles that are at all times useful to the soldiers, which they would not have unless supplied by the Red Cross.

The North Florida chapter aided by its branches will fill the kits and have them on hand, and as soon as company within its jurisdiction is mobilized each member will be supplied with a kit.

Contributions for the work are solicited by the Daytona branch. All desiring to aid in the work may leave their contributions at L. H. Rowe & Company.

of Daytona Beach, Fla.GEO. F. JOHNSON MET
BY CROWDS ON RETURN
AFTER 3 MONTHS HERE

The following article from the Binghamton (N. Y.) Press gives an interesting account of the welcome given to Geo. F. Johnson, the well-known winter resident of Peninsula Drive, north, Seabreeze, on his return from spending the season here: "George F. Johnson, accompanied by his daughter, Lillian, arrived home from Seabreeze, Fla., this morning, their coming being unexpected except by a few who had been informed by wire at a late moment. Mrs. Johnson will remain south until the first of next month. The Johnson family went to Florida early in January and during their stay in their winter home, Mr. Johnson has enjoyed fishing and other favorite outdoor sports. "Mr. and Miss Johnson arrived at Binghamton over the Lackawanna from New York at 7:55 o'clock and proceeded immediately to their home in Johnson City, and after breakfast Mr. Johnson got back into the harness of work and was at his desk picking up the business as though he had not been absent at all.

"As the automobile bringing Mr. Johnson and his daughter entered Johnson City over the dry bridge east of the Lester Avenue playgrounds the Johnson chimes in the tower of St. James' church pealed forth a welcome with the notes of 'Home, Sweet Home' played by Miss Helen Ring, organist. Mr. Johnson was visibly affected by this tribute, which was heard all over the village, and brought every household to his or her front porch waving flags and cheering for the man who is doing so much for the betterment of the community.

"Arrived in front of the church Mr. Johnson stopped the automobile and with head uncovered, remained and listened. Following 'Home, Sweet Home,' Miss Ring played Mr. Johnson's greatest favorite 'Auld Lang Syne' and those near him noticed moisture in his eyes. Then as the Johnson party proceeded in toward the center of the village Miss Ring played 'My Old Kentucky Home,' 'America' and concluded with 'The Star Spangled Banner.'

Mr. Johnson is known far and wide as a great-hearted, liberal-minded man. Among the recent things which he has done was to give a \$20,000 pipe organ to the Masonic Temple at Binghamton.

Where It Started. Shortly after the coroner's jury brought in its verdict, one of Adam's neighbors slipped into the office of the Eden Daily News and cornered the editor. "Now for goodness' sake don't put anything about this little affair in the paper," he said. "Cain always has been a good boy, and this little occurrence will not amount to much. Any way he's had his lesson. The family will patch it up, if you give it a chance. Adam has been a pretty respectable person most of his life, and my wife says that Eve is sick over it. Now, for the sake of the family, please keep it out of the paper."—Emporia Gazette.

EXPLANATION OF CHURCH
FLAG IS SATISFACTORY

Editor Daily News: When you published the cut of the Church flag, many of your readers understood it to mean a flag that took precedence over Old Glory literally at all times, thereby becoming of greater importance in this country than Old Glory. Now, in accordance with Webster, confirmed by Mr. Curtis, who has seen eight years' service in the navy, it is recognized in the navy on board ship when hoisted as a signal that religious services are being held and this is the only time such flag is recognized. It is not a "flag" in the literal sense but a "signal" and the word "flag" is simply a nautical term expression and has no significance except on board a war vessel, such as "leagues" for "miles," "fathoms" for "depth" and "bells" for "hours," none of which signify anything except to the seafaring man. However, we think you are entitled to much credit in clearing this matter up to that extent and no harm has been done to anyone for surely no decent citizen could take exception to such a signal being displayed for religious services, either on a battleship or elsewhere.

Respectfully,

J. W. SHIELDS.

Daily Thought.

It is for this purpose that we are friends—that we may be of good service one to another. . . . Hast thou seen thy brothers at enmity? Reconcile them. . . . Hast thou seen them wronged? Stand up in their defense. It is not on them but on thyself that thou are conferring the chief benefit.

—St. Augustine.

It Paid.

Mrs. Skinner keeps a boarding house where, it is whispered, the guests are by no means too well fed. One of her neighbors took it upon herself to point out to the estimable lady the error of her ways. "I should think," said she, "you'd do well to feed your boarders a little better. You can't expect them to say a good word for you when they leave." "Oh, but they do," was the quick reply. "Almost every one of them has a grudge against some friend or other, and he invariably recommends my house to him. I get lots of new boarders in that way."—Philadelphia Record.

Small Hoops in Skirts of 1866. A more sensible, if not tasteful innovation of fashion is the wearing of short dresses and very small hoops. Concerning the latter, there is a comical state of consternation among women. Only one possessed of dexterity and skill can manage to sit down in them in an opera seat, a pew, a car; they utterly refuse to subside. The trouble is that the lower hoops are disproportionately large for the upper ones. But the short dress hoops are short and pliable. The dress is of proper length for walking, and when in modest colors is very appropriate for that purpose. Just now these dresses are made as gay as possible, so that the wearers, in their gay petticoats, look like vivandieres. Sometimes the sleeves are characterized by bright blue, and the waist and overskirt are brown—an unbecoming and conspicuous combination.—Charleston (S. C.) News and Courier, December 5, 1866.

CITIZENS WISH TO HAVE TOWN BOOKS AUDITED BY STATE

PETITION TO HAVE COMPTROLLER AUDIT BOOKS OF TOWN IS SIGNED BY NUMBER OF ELECTORS.

A petition has been circulated during the past few days in Daytona Beach for the purpose of having the books of the town audited by state officials from the time of the town's incorporation in 1906 up to the present date. This petition has been signed by a goodly number of the voters of the town and by more than the necessary 20 per cent of the tax-paying electors, as provided in Chapter 6817 of the state laws. The object of the petition is approved by many of the best citizens of the beach.

Chapter 6817 of the laws of Florida (1915) says that every municipality in the state shall keep books of accounts and make stated financial reports at least once a year to the comptroller. After detailing what shall be contained in reports the law continues: "the governor shall have power to authorize and direct the comptroller by himself, or by some competent person or persons appointed by him, to examine into the affairs of the financial department of any municipality in the state. And it shall be his duty to direct the comptroller to make such examination whenever petitioned to do so by at least 20 per cent of the tax-paying electors of any municipality."

A number of the present town officials are very much against having the town books completely reviewed and audited up to date, giving as their objection, the expense of several hundred dollars which they believe such an undertaking would cost. Chairman W. F. Bleekman of the town council made the statement to a news reporter this morning that "the books of Daytona Beach have been thoroughly audited at the order of the council every year since the beginning of the town and may be seen and examined by any who desire, at the office of Horn and Wilson, Seabreeze avenue. These books have been audited year by year."

It is hardly believed that those who signed the petition have any reason to doubt that the books have been audited in an honest or proper way. It is a fact, however, that the signers would like to have a complete, up-to-date audit of the town's books in order to see exactly the present financial condition, and that they believe the cost of such a step will be money well spent.

As the petition needs but about 25 signers it is practically sure to be sent to the governor, who will doubtless take the necessary action as is his duty provided by Chapter 6817.

Mr. and Mrs. H. Huber have returned in Hammond, Ind., after spending the winter months in Seabreeze.

Donald McDonald and Ted Greene, of Seabreeze, enjoyed a boating trip up the river Sunday spending the day and returning late in the afternoon.

Mr. and Mrs. Rudolph Kaney, who have been spending the winter here, in Seabreeze, will leave soon for their home in Dodgeville, N. Y. They will go by water from Jacksonville to New York.

A good crowd of about 200 people attended the morning and evening services of the Daytona Beach Methodist church. The first 15 minutes of the evening worship were devoted to a song service during which old-fashioned congregational singing was enjoyed by all.

Mr. and Mrs. William Breckwoldt and daughters, Mrs. Wm. Breckwoldt and little son, Julius, and Mrs. Geo. Ward and little daughter, Margaret, will leave Wednesday for their northern home in Dodgeville, N. Y., after spending the past winter at their attractive home on the river front, North Halifax avenue, Seabreeze.

Jarvis A. Burns, of Atlanta, Ga., was a visitor to the beach for the weekend, who stopped at a local hotel for a short rest while on his way home from Havana, Cuba. Mr. Burns visited the beach more than ten years ago and although he could hardly recognize it as the same place, he enjoyed his stay this time more than before.

Mr. and Mrs. Theo. Sengstak, accompanied by their daughter, Mrs. J. Baird, and two children, William and Amy, and also Dorothy Morgan, daughter of Dr. and Mrs. Wm. D. Morgan, left Saturday on their return trip to their northern home in Bellhaven, Greenwich, Conn. They have greatly enjoyed the winter months as usual at their beautiful residence on the river front and Peninsula drive, Daytona Beach.

PICNICS POPULAR SATURDAY
WITH SCHOOL GIRLS AND BOYS

Picnics were popular with school girls and boys Saturday and two parties spent the day at the Nautilus casino, enjoying surf bathing and other beach pleasures.

Miss Hutchinson's pupils of the fifth grade were one party who went to the Nautilus for a beach picnic. Games on the broad stretch of white sand, wading, bathing, sand castles, and finally the opening of picnic baskets that revealed delectable picnic dainties made the day a memorable one for the happy crowd of kiddies.

Accompanied by Prof. H. Clay Marks and F. B. Mixon, instructor, the Commercial department of the Daytona High school also went to the Nautilus for a beach outing. Fifteen members of the class spent an ideal day at the beach.

Daily Thought.

Truly wise you are not unless your wisdom be constantly changing from your childhood to your death.—Maeterlinck.

300,000 Acres of Peanuts.

Texas boasts of 300,000 acres planted to peanuts. And that is a pretty good start. But the state of Madras, British India, with a territory of 4,185,086, had planted in peanuts in 1915 about 1,750,000 acres, and the total yield is estimated at 663,000 tons, which sold for \$6.49 to \$11.84 per candy (500 pounds). It will be seen that the East Indian got no such prices for his crop as the Texas farmer is securing. A large part of his crop went to France, and freights to France have been very high, which accounts in a measure for the low price.—Houston Post.

Mr. and Mrs. F. B. Tissot, who during the season had been located in the Ritter apartments on North Palmetto avenue, Mr. Tissot being again employed in the prescription department of the Hankins drug store, departed Sunday on their return to Cleveland, Ohio. Their son, Alden T. Tissot, who is a student in Stetson university, Deland, will join his parents in Cleveland at the close of the college term. Friends here of Mr. and Mrs. Tissot will be pleased to know that they contemplate returning to Daytona again next winter.

An eight-pound baby girl was born early Sunday morning to Mr. and Mrs. Palmer L. Douglas as their home in the Wigton apartments on Rowdler place. Friends of Mr. and Mrs. Douglas will be glad to know that both Mrs. Douglas and the baby are doing well. Mr. Douglas is assistant engineer in the power plant of the Daytona Public Service company and Mrs. Douglas before marriage was Miss Bessie Quattlebaum of Holly Hill. The baby has been named Frances Palmer Douglas. Dr. H. L. Meriday attended.

A nine-pound baby boy was born about 8:00 Saturday evening to Mr. and Mrs. Barton F. Bennett at their home on Rowdler place and both mother and baby are reported to be doing well. Mr. Bennett is a member of the Daytona Grocery company and Mrs. Bennett before marriage was Miss Addie Decker who, for a number of years was engaged as a clerk in the Quigley bakery on North Beach street. Mrs. Bennett's mother, Mrs. V. E. Howard, of St. Petersburg, has been here for some time, awaiting the visit of the stork. Dr. H. L. Meriday was the attending physician.

He said in part, "Jesus made four rules that must be followed if we are saved. Except your righteousness of the Scribes and Pharisees we shall in no case enter into the kingdom of heaven. Except ye be converted and become as little children ye cannot enter into the kingdom of heaven. Except ye repent ye shall all likewise perish. Repentance is not fear; it's not conviction, not sorrow or remorse, not promising to be better. Repentance is to be seen in the case of the Prodigal, coming back to God. The Prophet Isaiah tells, 'Let the wicked forsake his way and the unrighteous man his thoughts and let him return unto the Lord. Repentance is straightening out the past life. It's restitution restoration. It's giving up the signs of the past and turning to the right.'

In the evening Dr. Thomson spoke upon the "Prodigal Son." The evening sermon was a wonderful one. The evangelist stayed many of the present sins of society. He said the Prodigal became one because he wanted to be one. He wants his own way. That is the trouble with all Prodigals; it is their own way that they want that leads them into sin. The evangelist said at one point in the sermon, "Show me a man who boasts of his infidelity and no regard for God and I will show you a man who is hugging some special sin to his heart and you can usually put your finger on that sin in one of five guesses." "The devil is too sharp to fish with a hook without bait so his followers have a gay time, fun pleasure. I am not foolish enough to say that the sinner cannot have a good time as the world calls it. But when the fun is over what have you but want, degradation and slavery?"

In closing he drew a beautiful picture of the return of the Prodigal. Such a welcome is accorded every returning sinner.

At the service tonight the topic will be "Everybody's Saviour."

Mr. and Mrs. Fagan left here in their car at 6:00 o'clock in the morning and reached West Palm Beach at 4:30 in the afternoon, making pretty good time. Mr. Fagan, while his family were here last week had motored to Jacksonville and Gainesville.

Mr. and Mrs. E. E. Burleigh, of Phoenix, N. Y., who had been in Daytona since about the first of February, departed Saturday on their return north. Mr. and Mrs. Burleigh stopped over in this city when they came south with the intention of remaining only temporarily, but Mr. Burleigh became interested in the place and shortly after his arrival purchased property including several building lots and the bungalow at 315 North Ridgewood avenue which in company with Mrs. Burleigh he had been occupying for several weeks prior to departure.
